Team 5: Instagram

One use example: Promoting products/services or business
One type of audience: young adults (age 18-24) and visually engaged users
One type of recommended content: reels, stories, photos and short videos
One limitation of this platform: high competition makes it difficult to reach people organically. Also it is mainly visual, so it is less suitable for detailed text-based information

Team 7: Facebook

One use example: Businesses use Facebook to talk directly to customers and sell products.

One type of audience(s): The largest group of users is young adults aged 25 to 34, who make up about a quarter of Canadian Facebook users.

One type of recommended content: Photo posts are best because people interact with them the most (0.12% engagement, compared with 0.07% on average).

One limitation of this platform: Engagement is very low.

Team 11: Facebook

Example: The Plant Care Community is a public Facebook group in the Niagara region. People post photos of their plants, ask for help when a plant looks sick, and swap cuttings with neighbours.

Main audience: Adults in Niagara, mostly in their 20s, 30s and early 40s, and slightly more women than men. Some are beginners who want advice and others are experienced growers who like to help.

Common content type: Photos. Members post pictures of their plants, such as a new plant, a sick leaf or a plant that

Team 13: LinkedIn

One use example: Finding jobs and building professional connections.
One type of audience(s):young professionals and job seekers, especially ages **25–34**, LinkedIn's largest age group.
One type of recommended content:Professional videos, career tips, industry news, and business-related posts.
Video gets **5× more engagement** on LinkedIn.
One limitation of this platform:
LinkedIn is mainly focused on **professional and business content**, so it is less suitable for casual or entertainment-focused content.

Facebook

Use example: Promote a business/product and communicate with customers
Audience: Adults aged 25–34.
Recommended content: Photo posts, because the source shows they have the highest engagement rate.
Limitation: Low engagement rate overall on Facebook posts.
